### FREE GIFT CARD

[Respond to this email](#) and we will enter you in our drawing for a \$50 gift card to your choice\*. Good luck!

**Congratulations to July's Winner:**

**Amy Vasquez**

Facility Solutions Group

\*restaurants listed at the bottom right corner of the newsletter.

Respond by August 15th to be entered in the drawing.

### NEON SIGN REPAIR LED Retro Fits are Better

A local Hampton Inn has been having problems with their front sign not illuminating throughout.

They called us to investigate the issue. The sign was located in a spot that required a 55 foot lift to safely access. At that time there was a transformer requiring replacement.

Later we were called

because the "H" had some spots that were dim. Upon investigation we found that the neon was going bad and needed to be refabricated in many letters. We are now providing a quote to retrofit this sign to LED lighting.

With the new technology of LED lighting, we have been recommending that companies retrofit their signs. Not only will it save on electrical costs, but it will save on repair costs in the long run as well.

Call us today so we can discuss LED retrofits and money saving opportunities with you!

### ANOTHER GIFT CARD?

We are asking for your feedback and reviews.

Have we given great service to you?

If so, please leave a review for us. It takes less than 15 seconds and you don't need to sign up for anything.

If we did a **Sign** for you please leave one

[HERE](#)

If we have done any **Service** for you, please leave one

[HERE](#)

We appreciate our customers and only want to provide the best service and workmanship.

Provide your feedback and we'll enter you in our drawing for a \$100 gift card  
1 winner will be revealed in the October Newsletter

### August is Happiness Month!

There is a group called the [Secret Society of Happy People](#), and since the year 2000 they have worked to have August designated as Happiness Happens month.

Since happiness can be contagious, they want everyone to realize that if you feel happy, you should show it, spread it, and help someone else feel happy too!

Take the 31 day [challenge](#) to see if you can be happy everyday of the month. You can also become a member of their club. There's a free option and a paid for option.

Which do you prefer?

Bobby McFerrin—

[Don't Worry Be Happy](#)

Pharrell Williams—

[Happy](#)

Kids' Songs -

[If You're Happy and You Know It](#)

### Northstar Promotes Safety

August is National Immunization Awareness Month. With school starting back up it is very important for all immunizations to be current and records to be accurate. However, adults should also have all their immunizations and vaccinations up-to-date.

It is paramount to stop the spread of diseases, and to prevent your child from becoming ill, that you follow your pediatrician's advice on immunizations. Many schools require that basic vaccinations be confirmed with doctor's records before a child can be enrolled.

Check out the [CDC's website](#) for more information on the general recommendations for children.

Adults can stay healthy with immunizations as part of their regular medical plan also. Flu shots, tetanus, and shingles vaccines are all available and recommended by doctors. Speak to your physician about your health needs and how some of these preventative measures could benefit

you. The CDC also has helpful advice for adults. Please [look here](#) for more useful information.

Your profession can make all the difference in what type of vaccine you may be required to have and what type of disease testing may be required. Tuberculosis spot tests, Hepatitis vaccines, and flu shots are the most common.

Since our technicians come in contact with many sharp, rusty, and open air items we recommend they see their doctor and get tetanus shots as scheduled. We also promote the flu shot in order to reduce the number of illnesses, as they are constantly in contact with people in congested malls, restaurants, office buildings and then often have to work outside in freezing temperatures or pouring rain.

Check with your office or HR department to see what they require or recommend for your position. Many places offer incentives for proactive health measures!

Northstar is now offering **HVAC** services.

Please call today to learn about our services and how we can benefit your company today!
